CEO's Message

Dear Traders and Partners Around the World,

At **CHANGE Sourcing**, we believe business is more than products, prices, or containers crossing oceans. It is about trust, commitment, and standing beside our partners when it truly matters.

Every trader working with China faces real challenges — finding reliable suppliers, securing fair prices, ensuring consistent quality, and managing complex logistics.

Our mission is to turn these challenges into opportunities for your growth.

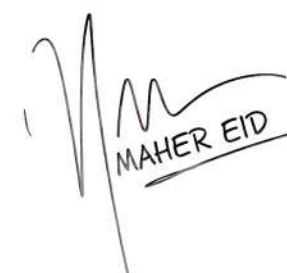

We built **CHANGE Sourcing** on a simple belief: when our partners succeed, we succeed.

That is why we go beyond the role of a traditional sourcing company. We negotiate as if it were our own money, inspect every product as if our reputation depended on it, and manage logistics as if the cargo were our own.

From sourcing and price negotiations to quality inspections and global shipping, we are committed to making your business with China simpler, safer, and more profitable.

Above all, we offer true partnership — a dedicated team that believes in your vision, supports your ambitions, and works with honesty, dedication, and relentless effort to help you grow stronger in your market.

We invite you to experience what it feels like to work with a partner who genuinely cares about your success.

MAHER EID, CEO

Change-Sourcing, China.

About Change The CHANGE Story

Founded in 2007, CHANGE Sourcing has grown into a trusted sourcing and logistics partner for businesses across the globe. With offices in Yiwu and Guangzhou, we are strategically positioned to connect clients with reliable suppliers and streamlined shipping solutions.

Over the years, our customer focused approach, industry expertise, and strong supplier network have enabled us to build long-term relationships and deliver consistent value in international trade.

Mission

Our mission is to bring quality, safety, and reliability to our clients' businesses. We are committed to delivering tailored sourcing, inspection, and logistics solutions.

Vision

Our vision is to exceed expectations by becoming the most trusted sourcing partner in China for importing and quality assurance services.

Values

We help businesses around the world find reliable suppliers, fair prices, and fast shipping—so you can buy with confidence.

CUSTOMER FIRST

We listen, we adapt, and we deliver. Your needs guide every decision we make.

INNOVATION DRIVEN

We keep finding smarter ways to source products, so you stay ahead of the competition.

SINCERITY & PASSION

We build real partnerships based on trust, transparency, and true dedication.

EXCELLENCE FOCUSED

We never stop improving—every product, every process, every partnership.

Simplifying Sourcing for You

CHANGE Sourcing has grown into a trusted global partner for sourcing, logistics, and supply chain solutions in China. With strategically located offices in Yiwu and Guangzhou, we work closely with manufacturers, logistics providers, and inspection teams to help businesses source products efficiently and ship with confidence.

Our strength lies in combining local market expertise with a deep understanding of international trade requirements, allowing us to deliver solutions that are practical, transparent, and results-driven.

Frequently Asked Questions

1 How do I start sourcing with CHANGE?

Simply contact us with your product requirements. Our team will guide you through supplier selection, inspection, and shipping.

2 What products can you help source from China?

We work across multiple categories, including sanitary, hardware, door handles, consumer goods, electronics, textiles, packaging, and custom OEM/ODM products.

3 How do you help solve quality issues and disputes?

We carefully inspect all shipments and ensure that there are no quality issues before shipment leaves China but if any quality compliance issue arise, please report them within 15 days of delivery with supporting photos/Videos and we will provide you the satisfactory solution.

4 Do you offer services for Amazon FBA sellers?

Yes. We provide product prep, labeling, bundling, and packaging services to ensure full Amazon FBA compliance.

5 What is the minimum order quantity (MOQ)?

MOQ varies by supplier and product type. We help negotiate flexible MOQs to match your business needs.

6 How do you ensure product quality?

Our team conducts detailed inspections, provides photo/video evidence, and verifies compliance with international standards.

7 Where are your offices located in China?

We operate in Yiwu and Guangzhou, giving us access to both the world's largest wholesale market and major trade fairs.

8 How much does sourcing or inspection cost?

It varies from case to case depending on your order value and client's background. However, we ensure to always provide you the competitive prices in the market.

9 Do you provide factory inspections?

Yes. Our on-site inspection services verify product quality, certifications, and supplier reliability before production or shipment.
